“Property Facelifts” – **Part 3!**

I've been partnering with realtors in Key West 🌴 for 3 years now! Over the past year, my team and I have helped increase the value of numerous properties by tackling essential repairs and giving them what I like to call a **"property facelift."** ✨ Agents from **Expert Realty, Conch Realty, Coastal Collection, Berkshire Hathaway and more** have trusted us to handle a range of services, including painting, pressure washing, landscaping, and general repairs. 🏠🔧🌿

Hi, I'm Angelo V. Leto, Jr., owner and operator of Lower Keys Home & Lawn Care Services LLC for the past 8 years. As a **7th-generation Conch** 🏠, I grew up working alongside my father and uncles, repairing and restoring homes and businesses throughout Key West and the Lower Keys. 🌞 Each morning, before the rooster crows 🐓, I start my day by collecting food donations for distribution through my church 🏡, then set out to provide handyman services to those who need them most. 🔧🔪👤

In 2026, I'm looking forward to expanding my customer base further. Many realtors only call a handyman on an “as-needed” basis, so my schedule has plenty of availability for those who need reliable help! 📅 I truly appreciate you spreading the word to your clients, neighbors, friends, and family that I'm here to help. 👤 My team and I take pride in providing fast, efficient service. We love to showcase our workmanship on Facebook, and now on my website: keywestfavhandyman.com.📍

For the fastest service, 📞 call me directly—I'm **AVAILABLE 24/7, 365 DAYS A YEAR & FOR EMERGENCIES!** I believe in the power of keeping Key West jobs local, and as a lifelong Conch, I know this island like the back of my hand! 🙌

Quick, fair, experienced, committed to serving my community's needs
A true Conch
